# NOGEPA 2.2A FIRST AID BASIC

## DO YOU ALREADY KNOW HOW TO PROVIDE FIRST AID IN CASE OF ACCIDENTS IN THE OFFSHORE SECTOR?

The NOGEPA 2.2A Offshore First Aid Basic training is intended for people who work on the Dutch continental shelf and who are part of an Emergency Response Team that specializes in providing First Aid.

With this training you will learn to provide adequate first aid in the event of accidents on a mining installation or offshore platform. For example, the NOGEPA 2.2A Offshore First Aid Basic training provides the knowledge and skills to provide assistance to the Medic on board as well as to perform the necessary first aid actions if there is no Medic on board.

The content of this module has been drawn up according to NOGEPA guidelines.

### PRE-EDUCATION:

There are no entry requirements for this training.

### CERTIFICATE:

After successful completion of this training you will receive an official NOGEPA 2.2.A certificate. You will also be registered in the Central Diploma Register (CDR). This is the online database for, among other things, NOGEPA courses. Both this certificate and the CDR registration are valid for 2 years and must be repeated every two years. You can do this by following the NOGEPA 2.2.B (refresher) training.

### COURSE DURATION

**4 days**

### LANGUAGE

Standard in Dutch and English on request

### STARTING TIMES

08.00 – 16.30

### WANT TO BOOK?

Please send an e-mail to [info@more-medical.com](mailto:info@more-medical.com) and together we will find the most suitable date.

# NOGEPA 2.2B FIRST AID BASIC REFRESHER

## REFRESH YOUR SKILLS AND GET YOUR CERTIFICATE INSTANTLY

The NOGEPA 2.2B Offshore First Aid Refresher training is the official refresher training of the NOGEPA 2.2A Offshore First Aid training. At the end of the training you have the required knowledge and skills to adequately provide First Aid in the event of accidents or acute illness of persons working on a mining installation or offshore platform.

The content of this module has been drawn up according to NOGEPA guidelines.

## PRE-EDUCATION:

To participate in this training you must have a valid NOGEPA Offshore First Aid 2.2A/2.2B certificate or a:

- Valid "Oranje Kruis" certificate or
- Valid doctor registration or
- Valid BIG registration

## CERTIFICATE:

After successfully completing this training you will receive an official NOGEPA 2.2.B certificate. You will also be registered in the Central Diploma Register (CDR). This is the online database for NOGEPA training courses, among other things. This certificate as well as the CDR registration is valid for 2 years and must be repeated every two years. You can repeat this by following the NOGEPA 2.2.B (Refresher) training again.

## COURSE DURATION

**2 days**
