GWO TRAINING COURSES

GWO FIRST AID BASIC

LEARN ALL ABOUT FIRST AID FOR LIFE-THREATENING SITUATIONS NOW

The GWO First Aid is intended for anyone working in the wind industry. This training provides you with knowledge and skills about providing first aid in the event of accidents (first aid) in and near wind turbines. This takes into account limited spaces and the input and output options of a Wind Turbine Generator (WTG).

The content of this module has been prepared according to the guidelines of the Global Wind Organization (GWO).

PRE-EDUCATION:

There are no entry requirements for this course.

CERTIFICATE:

After successfully completing this training you will receive an official GWO First Aid certificate. You will also be registered in WINDA. WINDA is the online database for GWO training courses.

This certificate as well as the WINDA registration is valid for 2 years and must be repeated every two years. You can repeat this by following the GWO refresher training courses.

As soon as you start following a GWO training, you must create a Winda account. Don't have it yet? Don't worry, you can do that via this [link](#). In this database you will find all GWO certificates obtained.
